

# WHY FENCING?

Fencing is one of the world's oldest, safest and fastest growing sports in the world. Fencing is a high paced athletic activity that uniquely blends the mind and the body. Fencing allows you to become physically fit and healthy as well as develop your ability to solve problems and make sound decisions while constantly being active. These characteristics help our students reach their full potential on and off the "STRIP"!

# THE ACADEMY

Space City Fencing Academy is the number 1 foil fencing club in all of Texas. With highly rated facilities and world-class coaching staff, we pride ourselves on not only creating future fencing champions but also teaching our beautiful sport to new fencers every day at the highest level. We welcome fencers of all ages and skill levels.

We pride ourselves on teaching the fundamentals of fencing to our students as an opportunity for them to enjoy the sport recreationally or competitively if they so choose.

Our experienced and dedicated coaching staff strives for nothing less than an exceptional fencing experience. Space City has produced over 20 National Champions. Fencing can even lead to receive **SCHOLARSHIPS** at prestigious universities such as Stanford, Columbia and Harvard.

# ABOUT

Space City fully supports the recreational fencer and we strive to provide an exciting, fun outlet for anyone interested in pursuing the sport in a relaxed manner.

However, what sets us apart from the crowd is our focus on achievement and success. Fencers with more ambitious dreams of National Titles and Olympic Medals will find our staff know exactly how to develop them to the level they aspire to

Space City Fencing Academy's core training program is regularly augmented with camps and clinics during the summer months (June through August), as well as over winter and spring school breaks. For four or five hours a day, campers have the opportunity to experience unprecedented, in-depth training in footwork, bladework, and bouting, with video analysis available for catching mistakes instantaneously, and games to blow off some steam (while reinforcing key skills, of course). For the beginning fencer, we also offer introductory camps. Our camp attendees will enjoy many activities such as fitness exercises, fencing footwork, fencing, brain games like chess, puzzles, dominos as well as several indoor activities like dodgeball and handball!

You can choose to do a **HALF DAY** or a **FULL DAY** when you sign up for our camp sessions. A full day includes morning session from 9 am to 12 pm and the afternoon from 12 - 4 pm.

# Space City Fencing Academy 2024 SUMMER CAMP FANTASY
